

American Society of Heating Refrigeration and Air Conditioning Engineers
Minnesota Chapter - Rochester Section
April 2019 ASHRAE Meeting Notice

Subject: What is SB2030, where does it apply, and how does it affect me?

Date: Tuesday, April 16th, 2019

Speaker: Patrick A. Smith, Center for Sustainable Building Research, University of Minnesota

Speaker Biography:

Patrick Smith is a Research Fellow at the Center for Sustainable Building Research at the University of Minnesota. His research experience includes sustainable building policy development, utility auditing and performance evaluation, sustainable building guideline evaluation and development, sustainable building metrics, building performance benchmarking and evaluation, the implementation of life cycle analysis in green building guidelines, and writing for the Minnesota Sustainable Housing Initiative web site. Patrick currently teaches in the undergraduate and graduate Architecture programs in the College of Design at the University of Minnesota. His current work is primarily program development and participant assistance in the B3 and SB 2030 programs.

Presentation:

SB2030 is a progressive energy conservation program designed to significantly reduce the energy and carbon in Minnesota commercial, institutional, and industrial buildings. It is required for any state bonded buildings. Using target EUI's, the designer has the freedom to use multiple options to decrease energy use within the building. Patrick Smith from the Center of Sustainable Research will provide an outline for the SB2030 program, provide the tools used, and walk through the process.

Agenda:

Social: 11:20am - 11:30am
Lunch: 11:30am - 11:50am
Business Meeting: 11:50am - 12:00pm
