MASDeC Green Product Directory, Fall 2007

Green Products - Energy & Atmosphere

Energy Efficient Resources	Description & HyperLink	Energy & Atmosphere	Indoor Environmental Quality	Water Efficiency	Overview of Green Products	Energy & Atmosphere Prereq 1	Fundamental Commissioning	Energy & Atmosphere Prereq 2	Minimum Energy Performance	Energy & Atmosphere Prereq 3	Fundamental Refrigerant Management	Energy & Atmosphere Credit 1	Optimize Energy Performance	Energy & Atmosphere Credit 2	On-Site Renewable Energy	Energy & Atmosphere Credit 3	Enhanced Commissioning	Energy & Atmosphere Credit 4	Enhanced Refrigerant Management	Energy & Atmosphere Credit 5	Measurement & Verification
Chandler	Energy Efficient Refrigeration Equipment	●					●				●										
Climate Master	ClimateMaster & LEED Overview	●	●		●																
Climate Master	ClimateMaster Product Cross reference w/ LEED Points	●	●		●																
Climate Master	Engineering Design Guides	●																			
Climate Master	LEED Refrigerant Calculator	●							●								●				
Climate Master	Geothermal Heat Pump Applications	●																			
Climate Master	Water Source Heat Pumps	●					●				●										
Climate Master	R410a High Efficiency Heat Pumps	●					●		●		●						●				
Climate Master	R410a High Efficiency Heat Pumps	●					●		●		●						●				
Climate Master	High Efficiency Geothermal Heat Pumps	●					●				●										
Climate Master	High Capacity Heat Pumps	●					●				●										
Climate Master	R410a High Efficiency Vert Stacked Heat Pumps	●					●		●		●						●				
Climate Master	R410a Water to Water Heat Pumps	●					●		●		●						●				
Climate Master	Desiccant Energy Recovery Rooftop Unit	●	●				●				●										
Climate Master	Dedicated Outdoor Air R410a Water Source Heat Pumps	●	●				●		●		●						●				
Climate Master	R410a Console Heat Pump	●					●		●								●				
Des Champs	Dedicated Outdoor Air System Products	●	●				●				●										
Des Champs	Energy Recovery Products	●	●				●				●										
VTAC Drives	Variable Frequency Drives	●					●				●										
Midwest Mechanical Solutions	**Description & HyperLink**																				
Enviro-Tec	IAQ Systems in Schools	●	●				●														
Enviro-Tec	Enviro-Tec Green/LEED Products	●	●		●																
Repus	Underfloor and Displacement Ventilation	●	●				●				●										
Trox	Underfloor and Displacement Ventilation	●	●				●				●										
Twin City Fan	Fan Selection Guidelines	●					●														
Xetex	Displacement Ventilation	●	●				●				●										
Xetex	Airside Energy Recovery	●	●				●				●										
Yaskawa	Variable Frequency Drives	●					●				●										
York International	York Green/LEED Products	●	●		●																
Schwab Vollhaber Lubratt	**Description & HyperLink**																				
Aaon	Rooftop Units w/ R410 Refrigerant	●					●		●		●						●				
Aaon	Energy Efficient Chiller	●					●				●										
Aaon	Energy Recovery System	●	●				●				●										
Acutherm	Acutherm VAV Diffusers	●	●				●				●										
Daikin AC	Energy Efficient AC Products	●					●		●		●						●				
Danfoss	Variable Frequency Drives	●					●				●										
Danfoss	Energy Efficient Compressors	●					●				●										
Ebtron	Ebtron Green/LEED Products	●	●		●																
Ebtron	Continuous Monitoring	●	●			●									●						
Florida Heat Pump	Geothermal Heat Pump Systems	●					●				●										

MASDeC Green Product Directory, Fall 2007

Green Products - Energy & Atmosphere

		Energy & Atmosphere	Indoor Environmental Quality	Water Efficiency	Overview of Green Products	Energy & Atmosphere Prereq 1	Fundamental Commissioning	Energy & Atmosphere Prereq 2	Minimum Energy Performance	Energy & Atmosphere Prereq 3	Fundamental Refrigerant Management	Energy & Atmosphere Credit 1	Optimize Energy Performance	Energy & Atmosphere Credit 2	On-Site Renewable Energy	Energy & Atmosphere Credit 3	Enhanced Commissioning	Energy & Atmosphere Credit 4	Enhanced Refrigerant Management	Energy & Atmosphere Credit 5	Measurement & Verification
Governair	Evaporative Cooling Chiller	●					●				●										
Halton	Low Velocity Diffusers	●	●				●														
Halton	Chilled Beams	●	●				●														
Halton	Floor Diffusers	●	●				●				●										
Heat Harvester	Airside and Waterside Energy Recovery	●	●				●				●										
Innovent	AHU's w/ Energy Recovery	●	●				●				●										
Innovent	Heat Pumps	●					●				●										
Mammoth	Evaporative Condensing Systems	●					●				●										
Mammoth	Water Source Heat Pumps	●					●				●										
McQuay	McQuay Green/LEED Applications	●	●		●																
McQuay	Green HVAC Design Guides	●	●		●																
McQuay	Frictionless Compressor Chillers	●					●				●										
McQuay	Evaporative Cooling Rooftop	●					●				●										
McQuay	How LEED Optimizing Energy Works	●									●										
Titus	Titus & LEED Application Guide	●	●		●																
Turbocor	Frictionless Compressor	●					●				●										

TMS Johnson	Description & HyperLink																				
American Warming	Sunshades	●	●				●				●										
Greenheck	Energy Recovery Ventilators	●	●				●				●										
Greenheck	Energy Efficient Make-Up Air Units	●					●				●										
Greenheck	Energy Efficient Industrial Space Heat	●					●				●										
Greenheck	Sunshades	●	●				●				●										
Greenheck	Underfloor Fan Terminals	●	●				●				●										
Greenheck	Mixed Flow Fans	●					●														
Greenheck	Centrifugual Plenum Fans	●					●														
Greenheck	Kitchen Ventilator Energy Management Systems	●					●				●										
Price	Underfloor Air Distribution Systems	●	●				●				●										
Price	Displacement Ventilation Systems	●	●				●				●										
Siemens	Variable Frequency Drives	●					●				●
