

## Directions to Riverside:

## Directions to the Riverside Plant:

The Riverside Plant is located on the Mississippi River, at 3100 Marshall Street in Northeast Minneapolis.

From the **south** or **east** take 94 west to the Broadway exit. The exit comes out one block south of Broadway, so turn left onto Washington. Go one block north to Broadway. On Broadway turn right (east) and go over the River. Turn left (north) at the first stoplight which is Marshall Street. You should be able to see the stacks as you approach the plant. It is a couple blocks north of Lowry.

From the **north** take 694 to East River Road. Go south on East River Road. East River Road changes to Marshall Street in Minneapolis. Follow it to the plant. The entrance to the plant is just south of St. Anthony Parkway.

From the **University of Minnesota** take Fourth Street west to Hennepin. Turn left on Hennepin to University. Turn right on University. Take University to Broadway. Turn left on Broadway to Marshall Street. Turn right (north) on Marshall street and proceed to the plant at 3100. You should be able to see the stacks as you approach the plant. It is a couple blocks north of Lowry.

At the entrance to the plant turn left after you go through the gates.
