

American Society of Heating Refrigeration and Air Conditioning Engineers
Minnesota Chapter - Rochester Section
December 2022 ASHRAE Meeting Notice

Subject: Flow Technologies and How Best Apply Them

Date: Tuesday, December 20, 2022

Time: 12 pm – 1 pm

Speaker: Tom Janis, Regional Sales Manager, Onicon

Speaker Biography:

Tom Janus has been regional sales manager for Air Monitor and Onicon for the past 9 years. Originally working for Air Monitor as industrial and commercial HVAC sales manager, moved to commercial HVAC sales manager for Onicon and Air Monitor after Onicon purchased Air Monitor. He has spoken with engineers and contractors across the country as well as onsite troubleshooting experience.

Presentation:

A conversation on HVAC flow and energy measurement. Seminar will cover flow measurement fundamentals and AMCA certification standards. Review current technologies and discuss applications. Look at installations and learn some do's/don'ts.

Agenda:
